DEVELOPING AN ENGAGED AND RESPONSIBLE SOCIETY TOGETHER

In 2019, there were hopeful signs of a resurgence of civic life in Czech society. We received more applications for support of neighborhood projects than ever before, for example. And that's not all. We saw record growth in the number of donors who gave through our Darujme.cz online giving tool: more than 95,000 people gave a breathtaking CZK 128 million.

2019 was also significant for Via Foundation, as Executive Director Jiří Bárta decided to pass the leadership role on to Zdeňek Mihalco, who had led the program team to date. Jiří Bárta deserves great recognition for developing Via into an organization that is respected in the Czech Republic and many other countries.

Via Foundation will remain true to its mission under its new leadership because the social change we are striving for requires long-term work and patience. At Via Foundation, we support people who are engaged in their communities, who choose not to just watch the world as passive onlookers, but rather take matters into their own hands and make their communities better places to live. And they are gradually transforming the Czech Republic into a self-confident country of responsible individuals. This is a change that won't happen overnight.

But it is happening step by step. In recent years, we have noted that more and more engaged citizens are entering local politics. We've responded by introducing a new program to give them the expertise they need to make it in local politics. We also developed a new application that enables companies to guide their employees towards charitable giving. Two Czech-owned global firms are using this online tool, which is enabling us to help spread philanthropy far beyond the Czech Republic.

Other new challenges are emerging - increasing populism, the effects of long-standing drought and the social impacts of modern technology, growing divisions in society - that are calling us to action. We are developing new programs for 2020 that respond to these social changes.

And here's one piece of good news by way of conclusion: our former director Jiří Bárta will remain part of the Via team. In 2019, we conducted a feasibility study among our donors that showed that the time is right to launch an endowment campaign to increase the endowment by CZK 25 million. Jiří Bárta is leading the campaign.

Thank you for your support.

Chair of the Board of Directors

ABOUT VIA FOUNDATION

In recent years, we have seen more and more places where people act as community stewards, where people work together, and where they improve their communities through volunteer efforts. A society in which most people act freely and courageously, accept responsibility for themselves and their communities and where giving is a regular part of life. At Via Foundation, we have been pursuing this vision for 22 years. We believe that a society of engaged citizens is a foundation on which to build a self-confident, free Czech Republic.

HOW WE'RE CHANGING THE CZECH REPUBLIC

CZK 128 million

donated by people to NGOs through our online giving tool Darujme.cz in 2019

CZK 361 million

invested over 22 years into community-building initiatives led by groups of engaged citizens

117 projects led by engaged people

who improved their communities in 2019. Over 22 years, groups of residents in one-fifth of all Czech municipalities have been supported by Via Foundation.

WHAT'S NEW AT VIA FOUNDATION

Via Foundation is guided by a long-term vision, yet we also respond to current social issues. In 2019, we launched several new programs and thematic areas.

Our landscape

The thematic area Our landscape focuses on alleviating the effects of climatic change and drought. Going forward we will support landscape stewardship citizen groups by providing funding and connections to experts.

Online giving

We're investing into the development of Darujme.cz. This tool is truly systemically changing philanthropy in the Czech Republic. Darujme.cz is now used by 615 non-profit organizations in the Czech Republic and more than 95,000 people used it to make charitable donations in 2019.

Employee giving

We developed an application enabling companies to let their employees choose the beneficiaries of the company's support. Two global companies owned by Czechs are already using this tool.

Local politics

In recent years, many engaged citizens have considered entering local politics. We launched a program which helps prepare them through mentoring and training, and promotes the idea that people entering politics should be treated with respect rather than suspected of harboring ulterior motives.

Via Foundation is an independent Czech foundation established in 1997. We do not use funding from European Union or government funds; we rely solely on individual donors, companies, foundations and revenues from our endowment fund. Our work revolves around two key focus areas.

THE ART OF GIVING

We develop philanthropy. Via seeks to make giving, charity, generosity and caring for others a normal and regular part of life in the Czech Republic. We raise awareness about giving. We help children and students organize benefit events, leading them towards philanthropy from an early age. We also develop online giving and corporate philanthropy in the Czech Republic.

THE ART OF CO-EXISTING TOGETHER

We develop community. We support people who are improving their communities by revitalizing public spaces, restoring small monuments, enhancing community life in Czech towns or organizing neighborhood festivals, all of which helps them learn to care for their shared communities, work together and strengthen their relationships. We support them with grants, consultations and learning opportunities.

VIA FOUNDATION'S SOCIAL IMPACT

.....

Personal ties between people and groups across Czech society grow (i.e. bridging **social capital**).

NADACE VIA

2018 to 2021

.....

Civic engagement in the Czech Republic increases. More people take part in community activities.

.....

Trust between people in the Czech Republic grows.

.....

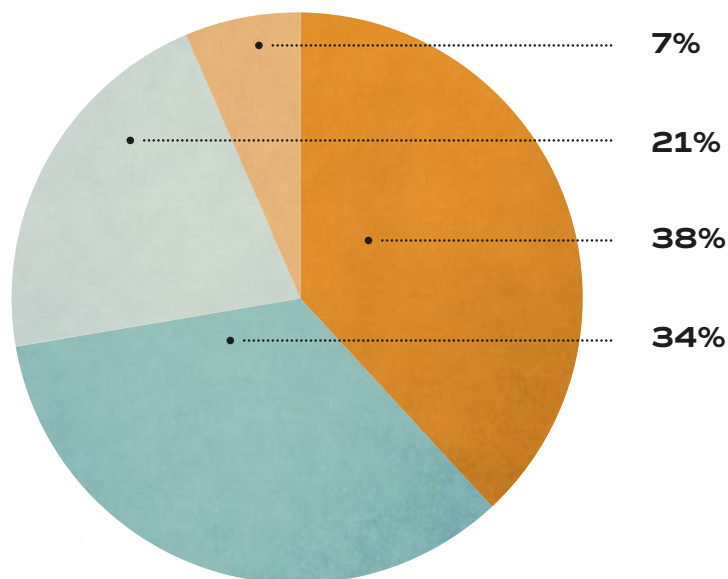

More individuals give charitably and **are willing to volunteer** in their communities.

revitalized public
spaces since the
program began

Every community has its heart - a place filled with life. Some hearts pulse, others barely tick. This program aims to change that. We support large projects in which residents join together to transform a public space into a community place. In some towns it's a park, elsewhere it is a village square. In every case, we start with community planning, follow with joint work parties and end with a gala opening. Reaching consensus across a whole community during the process is no easy task. Our support includes grants, guidance by a community engagement expert, workshops and sharing of experience from other projects.

NEIGHBORS GATHER WATERSIDE IN OLOMOUC-ŘEPČÍN

The district of Řepčín is easily accessible from the center of the city of Olomouc. In recent years, hundreds of new apartments have been developed in the area, which have brought new people in but eliminated traditional community gathering places used by long-standing residents. That fact, along with newcomers' calling for a chance to engage in the life of the community, led the Our Řepčín civic association to bring the two groups together to jointly transform the Mlýnský Creek Park. They created a safe place with naturalistic features where cultural events are held. Local residents adopted the new plants and trees to help with project funding. Now new and old residents enjoy sunny days spent at the edge of the new pond and butterfly meadow.

"People who recently moved into the new apartments say it was a terrific experience because they finally had a chance to get to know their new neighbors."

Good neighborly relations are key to a good community atmosphere. In the Living Communities program, we support engaged citizens who come up with projects to improve neighborly ties through shared experiences and activities. We also provide "Fast Grants" to groups addressing urgent problems that are disrupting community life, such as a company or institution violating public interests. Alongside grants, we provide them with skill workshops and consultations and connect them with people who have faced similar issues in other parts of the country.

THE MORAVIČANY PARISH IS VIBRANT

Residents in Moravičany in the Olomouc region created a new community gathering place. A group of volunteers repaired and improved rooms at the local parish to house the new Beseda community center. Since the grand opening, the center has hosted dozens of events and activities and local residents use the center as a meeting point. There are neighborhood events with live music, crafts workshops, morning mother and child meetings and travel lectures as well as community meetings about how to redesign the adjacent garden.

"Personally I'm very proud of everyone who engaged in the implementation in one way or another. The thing that pleases me most is the organic development of a group of citizens, who have been active in Moravičany since autumn 2019 and who keep coming up with great new ideas on what we could do as a community. The Beseda community center project started off a new wave of citizen engagement in our town."

Tomáš Adamec, Project Implementation Leader

WE THANK THE FOLLOWING PROGRAM DONORS for enabling us to support 79 initiatives in 2019 that improved neighborhoods and protected public interests:

BADER PHILANTROPIES, INC., ČESKÁ SPOŘITELNA, DSZ - INTERNATIONAL GIVING FOUNDATION, HANA DVOŘÁKOVÁ AND DALIMIL DVOŘÁK, FRIENDS OF VIA, NADACE JABLOTRON, MARTIN KULÍK, ANTI-CORRUPTION ENDOWMENT FUND AND NET4GAS.

Through ViabilityNet 3.0, we support, train and connect engaged citizens from Central and Eastern Europe. ViabilityNet participants are distinctive community leaders striving to make changes in their own communities – by developing e.g. a community market, center or library. We also initiated a network of partner organizations supporting community development in the CEE region. Their staff meet twice a year to exchange experiences and discuss ways of addressing societal polarization.

BELA RECHKA RESIDENTS USE A FORMER SCHOOL AS A GATHERING PLACE

Galina Dimitrova-Dimova and her family moved to Bela Rechka in Bulgaria five years ago. To liven up her new rural community, which is 2 hours' drive from Sophia, she began organizing a number of activities - but she felt that locals didn't want to take part. So she created a festival called "Gathering of the Flock", where people can enjoy music, food and various workshops. She also turned a former school into a community center where people gather for concerts, celebrations and community baking.

"Establishing a small cultural center in a village and renovating a playground were great achievements for me. I realized that we bit off more than we could chew for the first year and that it takes more time for people to begin engaging in a small communities."

Galina Dimitrova-Dimova

WE THANK THE FOLLOWING PROGRAM DONOR for enabling us to connect community leaders from different parts of Europe:

CHARLES STEWART MOTT FOUNDATION.

YOUNG PHILANTHROPISTS

Children and young people up to the age of 26 who have decided to help in their communities: those are our Young Philanthropists. We believe that the sooner they gain a personal experience with helping others, the likelier they are to continue acting charitably. We help them organize charity events, such as races, concerts or crafts fairs. We support teams of Young Philanthropists with small grants for the events, matching of up to CZK 20,000, meetings and workshops in schools.

CONCERT IN THE EMAUSY RETIREMENT HOME

Young Philanthropists from the Czech-English High School in České Budějovice regularly visit senior citizens living at the Emausy Social Services Center. Through their conversations, the students learned that the elderly residents would love a polka music concert by the band Babouci. The students raised money for the concert at a garden party and film festival. But that's not all. For Christmas, they made a calendar of photos, set up a giving bulletin board at their school and spoke in each class about philanthropy. They raised CZK 64,384 in all.

"The best thing is that even though we are done raising money for this event, the project and other events are continuing. And we're planning new ones."

The Via Bona Awards recognize individuals and companies which are helping others. The motto of the 22nd annual awards was "good neighborhoods". Through the awards, we strive to promote civic engagement, an interest in others and trust among people. In 2019, we sought out people and companies giving back to their communities. This perspective was reflected in the rules for the corporate category, which was open to companies and sole entrepreneurs reinvesting some of their profits into their native regions. We added a new category, Fundraising Drives, to acknowledge philanthropists who succeed in engaging their peers into their efforts.

FUNDRAISING DRIVE CATEGORY

ONDŘEJ ŠIMETKA

Ondřej Šimetka, Head Physician at Obstetrics and Gynecology Clinic of the Ostrava University Hospital, spent five years with Doctors without Borders. When he decided to leave Doctors without Borders for professional and personal reasons, he began helping the organization through fundraising drives. His first was three years ago, when he ran the New York marathon and thanks to the generosity of his colleagues, patients and friends, he raised CZK 180,000. During his second drive he took part in an extreme biking race in East Timor, raising another CZK 131,800.

Vincentka mineral water company supports social and cultural activities in the Luhačovice region

GOOD COMPANY CATEGORY

VINCENTKA

Ladislav Šumšal, co-owner and Chairman of the Board of Vincentka mineral water company, considers the water that his company is founded on as a great natural gift. He gives back through corporate charitable giving, which has been a Vincentka mainstay since the company's establishment in 1998. Vincentka supports local festivals, the Calma beautification society, development of playgrounds and summer camps for diabetic children. Vincentka's charitable giving equals about CZK 500,000 per year.

Organizing neighborhood events and helping make Jeseník a vibrant place

HEART OF GOLD CATEGORY

MARTINA SEIDLEROVÁ

Martina Seidlerová returned from a year in Mexico with a recipe for rejuvenating her hometown. Acting as a steward for our communities, building positive relationships and cooperation between people. She has been organizing an array of community activities in Jeseník for the past six years - including a neighborhood festival of homemade food and original restaurants, a Jeseník farmers' market, community discussion meetings and revitalization of an outdoor movie theater and park. Martina also co-founded the Sudetikus civic association, under which the events are held.

"Jeseník has really woken up. Over the last few years it has changed from a place where nothing happens to a town full of events and revitalization of half-forgotten places. All of a sudden, Jeseník is a place where you can get involved and influence what goes on. Martina is capable of infecting other people with her energy, and enthusing donors, both companies and individuals, to get engaged and also to give money."

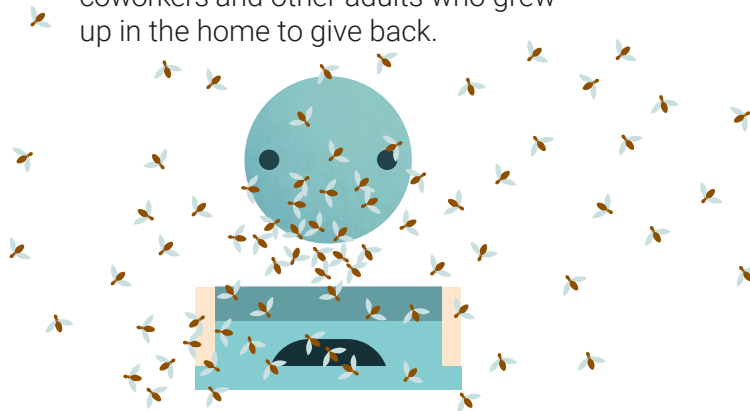

Zdeňka Morávková, production and conceptual director for cultural programming at Tančírna in Račí údolí, who nominated Martina Seidlerová for the Via Bona Awards

Giving back the help he got as a young adult

YOUNG HEART OF GOLD

PATRIK ZADINA

When Patrik Zadina became independent and moved out of the children's home where he had grown up, it wasn't easy. The Heart in the Hand Endowment Fund gave him a lot of help during the transition, providing money, housing in Prague, help with a resume and a job. Patrik considered it only natural to maintain contact with the staff at the Fund - no longer as a recipient of assistance, but as a volunteer helping others. He helps children learn to ski and ride a bike and spends Christmas and weekends at the children's home. Moreover, he has motivated some of his coworkers and other adults who grew up in the home to give back.

GOOD NEIGHBORHOOD AWARD

EVA LEHOTSKÁ

Eva Lehotská was born in a "Finnish house" in Bedřiška, which was originally a workers' colony. Now she is trying to save this tiny village from demolition and create a strong, cohesive community of neighbors. There are 26 families, or about 100 people, currently living in in Bedřiška. Thanks to Eva's efforts, Roma and non-Roma now live here side by side without conflict.

"The thing that pleases me most is when I see how people in Bedřiška have changed since 2010. When I see clean streets and tidy houses which tenants have fixed up at their own expense. When a child stops me on the street and asks: Auntie, when are we going to have another clean-up day? When one of the Roma mothers proudly tells me that her son had straight As on his report card except for one C. When an old man, who has lived in Bedřiška for more than 60 years, thanks me because he can keep on living there. When other neighbors tell me they have decided to stay in Bedřiška as long as they can, because they trust me. I will continue trying to save Bedřiška as long as necessary and as long as my strength holds out."

Through the Art of Giving journal, we share interesting stories and giving trends to inspire readers. In 2019, we published four thematic issues. One issue focused on fundraising drives, with an article about Terry Fox, who was a pioneer in peer-to-peer fundraising, which is a growing trend today. The Art of Giving journal is published in collaboration with the magazine Reportér. In addition to the printed issues, readers can find philanthropy news on the online version at www.umenidarovat.cz.

Did you know that...

one of the most generous days of 2019 was December 3rd, global Giving Tuesday, when Czechs donated over CZK 70 million?

WE THANK THE FOLLOWING PROGRAM DONORS who help us share news about inspiring giving:

ČESKOSLOVENSKÁ OBCHODNÍ BANKA, VÁCLAV DEJČMAR, IVANA JANEČKOVÁ AND TOMÁŠ JANEČEK, MARTIN KULÍK AND LENKA SCHÖNFELDOVÁ AND ROBERT SCHÖNFELD.

PHILANTHROPIST LEOŠ MAREŠ

TV moderator and Czech instagram star Leoš Mareš discovered all the "laws" of philanthropy on his own. For every follower he has on Twitter and Instagram, he donates one Czech crown to charity. That's how he founded his "DobroDen". And on January 29, 2019 he sent CZK 709,000 to the Tereza Maxova Foundation.

Why did you establish "DobroDen"?

I began in 2015, so this was my fifth Dobroden. It started because I wanted to boast, show off, that I had surpassed the 20,000 follower level on Twitter. You know that in the world of social networks people watch how many followers you have. It is connected to our inner yearnings, and technology makes it easy to compare follower statistics. It's something that can be measured with numbers. Even though it shouldn't be important, because what difference does it make if you have 20,000 followers or 22,000 followers? I would understand a difference between 500 and 5 million.

How do you feel when your followers drop by say 5,000?

Fortunately, that's not my case. Maybe I would

have a hard time with that, I don't know. Anyway, in January 2015 I wanted to boast on Twitter, which I use to share my thoughts. And then I thought, aside from showing off I could give it some meaning. So I wrote that I would donate one Czech crown to charity for every follower. And I did that.

Who did you donate the money to?

I went with the first idea that came into my head while I was taking out the garbage. What would your first idea be? Quick.

For me it would be shelters.

You know, each of us comes up with something different. I thought of the Our Child Foundation. And all of a sudden, other people followed suit. They retweeted my tweet, Forbes magazine did too, and people began donating on their own. It was a brief event, just a few hours long. A lot of money was donated. And because my inner clock and calendar are really strong - I always wake up a few minutes before my alarm goes off - one year later, while I was having coffee at I.P. Pavlova on January 20th, I remembered the event. I thought, what if we did it again on January 29?

You can read the entire interview in the spring 2019 issue of the Art of Giving (in Czech) at www.umenidarovat.cz.

DARUJME.CZ

Become a philanthropist with one click on your computer – that's what our online giving tool, Darujme.cz, has been enabling for the past ten years. It is a place where different worlds meet: business and non-profit, public and private, Czech and international. It is a safe giving and fundraising environment for NGOs, donors and companies. We are pleased that they are doing so well in the online world! 2019 was a record year for us in many respects. Thanks to generous donors, organizations raised a total of CZK 128 million.

FUNDRAISING DRIVES

Here's how fundraising drives work on Darujme.cz. Tomáš and Tereza show how they did it - and inspire other people to try it. Adventurer and journalist for Reportér magazine Tomáš Poláček took on an incredible philanthropic challenge. He ran across Bangladesh - the first Czech to do so. In March 2019, he ran the equivalent of 13 marathons in two weeks. With the help of other donors, he raised CZK 217,160 for Bangladesh children living in the Čalantika slum.

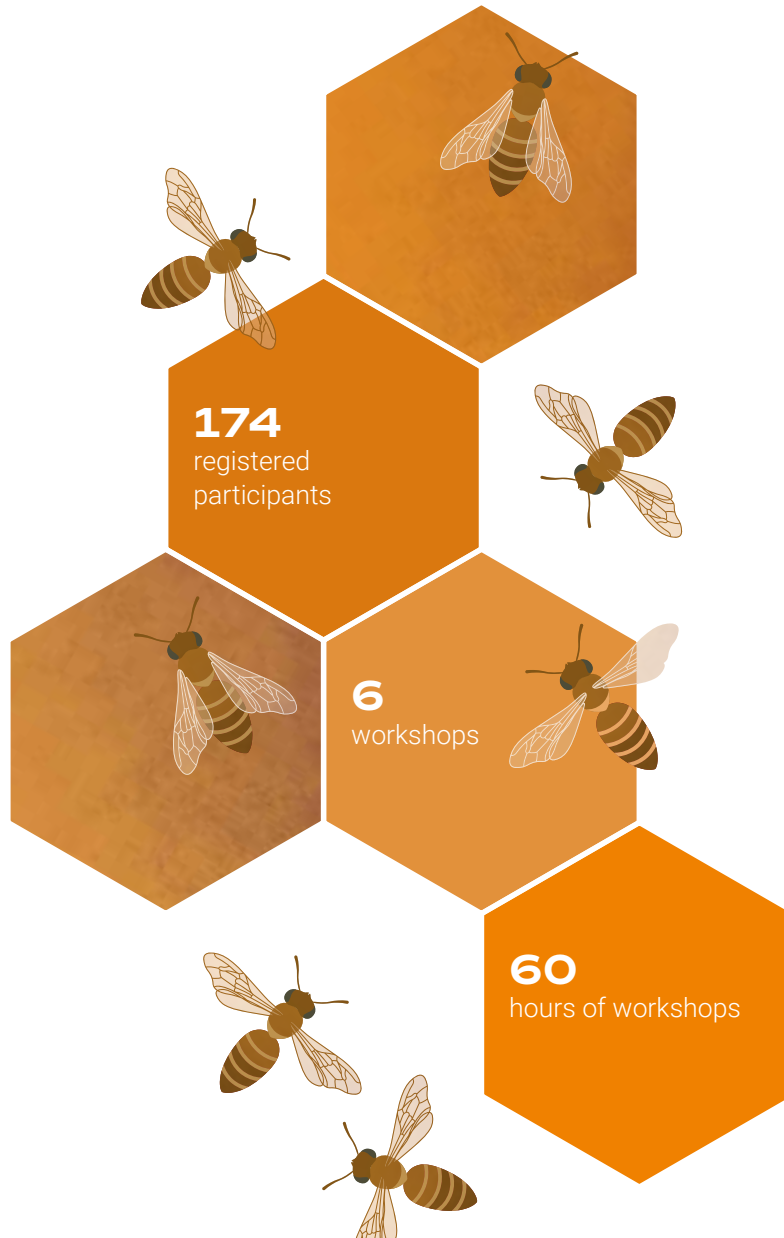

Tereza Novotná held a fundraising drive where people could donate money saved on public transportation tickets. The money went to the Saint Jan N. Neumann Hospice in Prachati-
ce, which had provided exceptional care for her ill grandfather. A total of 392 donors gave CZK 164,772 during the drive.

"I called the drive 'Tickets for the Hospice' because the discounts that students and elderly people receive on public transportation are essentially a gift from the state, that we can use as we see fit. And seeing that social services lack sufficient funding, it makes sense to donate at least some of the money to that sector."

Tereza Novotná

VIA ACADEMY

People who cultivate their neighborhoods and community life have hearts of gold. They learn how to be project managers, fundraisers and PR experts all in one, and on the fly. We provide the expertise they need through our Via Academy, which offers various types of training. In 2018, we held a PR workshop to help people contact journalists effectively and get their projects into the media. We guided participants through the entire public communication process, from writing newsletters to posting on social networks.

Did you know that...

100% of Via Academy participants would recommend our workshops to their peers?

On a blanket in a park, at a garden barbeque or at a race start: these are just a few of the places that neighbors gathered together during Neighborly Week at the end of May 2019. We launched Neighborly Week in 2019 as a way of encouraging people to get together and get to know each other better - neighbors in the true sense of the word, not just people living side by side.

A total of 90 communities across the Czech Republic took part. We put an orange dot on our online map for each. We also shared tips and ideas for people thinking about hosting a neighborhood event. The most common types of neighborhood festivities centered around good food, book or clothing swaps and cultural and sporting events. We also held a Via Foundation neighborhood gathering - at the Dejvice Club in Prague.

Did you know that...

the 2019 registered events included a day of open doors in a music recording studio for children and youth, a community running race in a Prague park and a strudel baking competition among families?

"We got the idea for Neighborly Week from Pilsen, where a group has been organizing the European Neighbors Day for several years now. Thanks to our grantees, i.e. people who we support through various programs, we know that there are lots of people in the Czech Republic who want to bring their neighbors together for a good cause. That's why we decided to create an entire week dedicated to their activities."

DONOR FUNDS AND PROJECTS

HELPING GRANT PROGRAM

Young people and senior citizens are more likely to believe fake news. Navigating through the information jungle and verifying the accuracy of news sources is no easy task. This T-Mobile grant program's goal is to increase media and information literacy among senior citizens, young people and socially disadvantaged groups. With Via's help, T-Mobile awarded CZK 2,133,500 to 13 projects for e.g. workshops in schools, lectures for senior citizens, community town hall meetings on the issue, an interactive educational game and a popular educational online publication.

In 2019, T-Mobile supported 33 projects with a total of CZK 3,136,048 through Via Foundation.

T-MOBILE FUND

HELPING THROUGH STORIES EMPLOYEE CHARITY COLLECTION

A person close to a T-Mobile employee and her three children faced domestic violence. She needed help. All four were able to move to safety in a shelter thanks to the Helping Through Stories employee collection, which Via Foundation has helped administer for years. The collection supports people close to T-Mobile employees who find themselves in crisis, most often through an illness or injury. In 2019, a total of CZK 1,002,548 was awarded to 20 people through the collection. Half of the money was donated by T-Mobile employees and the other half was a matching grant from T-Mobile. 460 employees participated.

WE THANK T-Mobile for its long-term support of employee involvement in charitable activities.

EUROWAG FUND

Once again, W.A.G. payment solutions gave each of its employees the opportunity to donate EUR 200 to any organization or needy person in their community. The company's aim is to support employees in charitable giving. In 2018, the company set up the Eurowag Fund at Via Foundation. Via developed a special application to distribute grants from the fund. In 2019, 528 Eurowag employees participated and selected 229 projects for support in 15 countries. The total amount distributed was CZK 2,673,132. An additional three grants totaling CZK 25,000 were also awarded in the Bike To Work employee competition.

WE THANK W.A.G. Payment Solutions for systematically supporting employee engagement in charitable giving.

Y SOFT CSR FUND

Y Soft was inspired by W.A.G. payment solutions' fund. In 2019, the company allocated CZK 1 million to a charitable fund through which Y Soft employees can support issues that are important to them. Y Soft's goal is to motivate its employees to engage in giving back to their communities. Employees who already volunteer in the organizations they select for support can send a grant of CZK 11,000. Other employees have a chance to donate up to CZK 2,200. During 2019, the Y Soft CSR Fund awarded CZK 585,884 to 49 projects focusing on health care, social services, education and sports.

WE THANK Y Soft for taking the initiative to begin supporting its employees in giving back.

SÝKORA FAMILY FUND

The Sýkora Family Fund is a great example of family philanthropy. Each year Mr. Sýkora and Mrs. Sýkorová, who established the fund, engage their children in selecting charitable projects to support through the fund. The Sýkora Family Fund is a permanent fund, which means that only the fund yields are used to support charitable projects. In 2019 the Sýkora Family Fund awarded a total of CZK 220,000 in two grants to the following projects: the most engaged high school student competition and the Kolečko Endowment Fund at the Thomayer Hospital in Prague.

WE THANK Mr. Sýkora and Mrs. Sýkorová for introducing their children to philanthropy.

THREE SISTERS ARE HELPING FUND

The music band Three Sisters established its own donor fund at Via Foundation in late 2011. Through the Fund, the band supports socially disadvantaged individuals, who need help or people who suddenly find themselves in crisis due to an accident, illness or other personal tragedy. In 2019, the band held a fundraising drive as part of its concert tour. Fans donated a total of CZK 306,167, which along with other gifts to the fund, created a total of CZK 379,000 for needy projects. Donations from the fund were used to support palliative care, purchase shower seats for disabled patients and other needs.

WE THANK the music band Three Sisters and all of the Fund's donors for helping people in crisis.

RACHŮNEK FUND

Marek Herman, founder of the Rachůnek Fund and author of the book “Find Your Own Martian”, is dedicated to the education and development of parents of children under the age of six. The Rachůnek Fund (“rachunek” means account in Polish), which he founded at Via Foundation, has the same focus. It is a permanent fund, which means that only the fund yields are used.

WE THANK Marek Herman and dozens of other individual donors for supporting parents caring for children under the age of six.

ČERNOŠICE FUND

It all began with an idea to build a new sports hall in the town of Černošice. Citizens rallied together and got the hall built. Encouraged by their success, residents sought to further develop their community. In 2019, citizens of Černošice founded a new community fund at Via Foundation. Residents send donations to the fund. In 2019, the Fund was able to support local events like the lent festival and outdoor summer film screenings as well as a teenager who makes Černošice news videos. Twelve grants were awarded in all in a total amount of CZK 309,000.

WE THANK the citizens of Černošice for taking the initiative to improve their community.

DON'T BE AFRAID OF LOCAL POLITICS

The second year of Via's "Don't Be Afraid of Local Politics" program once again supported people considering running for local office or who have recently been elected. 11 selected participants were mentored by mayors, deputy mayors and councilors. We also supported seven community discussion forums and workshops, which were attended by 150 people. Our partner organization, Young Citizens ("Mladí občané") held two workshops for councilors who are just starting out. A series of articles under the heading "From civic initiative to the town hall" was published on the Internet news site Aktuálně.cz, in which mayors and councilors who had started out as NGO leaders shared their stories.

WE THANK Nadace Jablotron for helping engaged citizens enter local politics.

"I never thought of entering local politics, but one situation here in Radotín, a small village in Moravia, led me to reconsider. I jumped in head first and if it hadn't been for Via Foundation and the "Don't Be Afraid of Local Politics" program, I would have been lost. I found out that I'm not alone and that other people have dealt with similar issues, and I learned about "participation" and a lot of other concepts I had never encountered. The program helped me navigate local politics and move forward quickly. And above all, meeting the other participants injected me with a dose of optimism and helped reaffirm that what I'm doing makes sense."

Kateřina Procházková, Chair of ProRadotín civic association, Olomouc region

DONORS AND PARTNERS

• • •

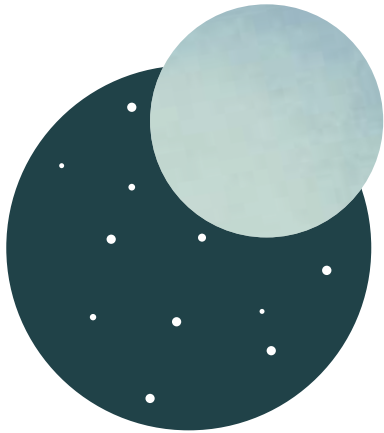

Thanks to the support of our generous donors and partners we have been able to develop philanthropy and community life in the Czech Republic for the past 22 years.

We are an independent foundation that does not utilize funding from government or European Union subsidies. Our work relies on the generosity of donors from the Czech Republic, the USA and other countries. Revenues from our endowment also fund part of our programming each year.

Via supporters include corporate, foundation and individual donors who share our vision of a Czech society comprised of people who actively care for their communities.

WE THANK all of the donors and supporters who generously give money, time, knowledge, services and in-kind gifts.

WHY DO YOU SUPPORT VIA?

Here's what our donors say.

"Via Foundation is exceptional in a way in the Czech Republic because it supports people coming together to create community. We became donors of Via Foundation because it supports community life and philanthropy. Everyone cares about their own community, the environment they live in and the people they live among which is why I think we should all join Via Foundation in some small way."

Jarmila Baudišová,
Chair, Board of Directors, Avast Foundation

"What I like about Via Foundation is its stability. Anyone who wants to do something long-term should select charitable projects that have been running for some time. For example, Via's Charitable Auction, which was held for the 13th time in 2019, is proof that it isn't a short-term project - it is something that we have been developing together over the long-term. I see stability as a guarantee that what I engage in personally makes sense."

Jiří Hub,
CEO, Asseco Solutions

"Very often, we realize the vast range of things that can be done through Via Foundation projects to help people come together, be kinder to one another, so that they create a beautiful landscape as well as beautiful relationships. For example, when we go to our cottage in the Šumava mountain region which is located close to a Via-supported project. There we can see how the project has truly helped significantly improve relationships between people in the community."

AN INTERVIEW WITH HANA DVOŘÁKOVÁ

Why I'm a philanthropist...

Hana Dvořáková and Dalimil Dvořák have been helping others for years through Via Foundation. As prominent Czech chemists, they finance their philanthropic activities primarily through license royalties they receive for medicines developed by the team of Professor Antonín Holý at the Institute of Organic Chemistry and Biochemistry of the Czech Academy of Sciences, where Hana Dvořáková worked. Seven years ago, the couple also founded their own foundation, Nadace Experientia, to support young scientists.

You donate your share of license fees for anti-viral substances developed by Professor Holý to help others. Why?

I have realized that there is a great deal of responsibility associated with having money and that I have to decide quite carefully how to use it. I thought that our money should help people who are sick, disabled, poor, in crisis, etc.

But I didn't know how to go about it. In 2006, I was deeply stricken by the fates of people who lost their homes due to the floods. I was determined to help. That was our first experience with philanthropy and we worked with People in Need Foundation on that. We felt good about it and wanted to keep helping others.

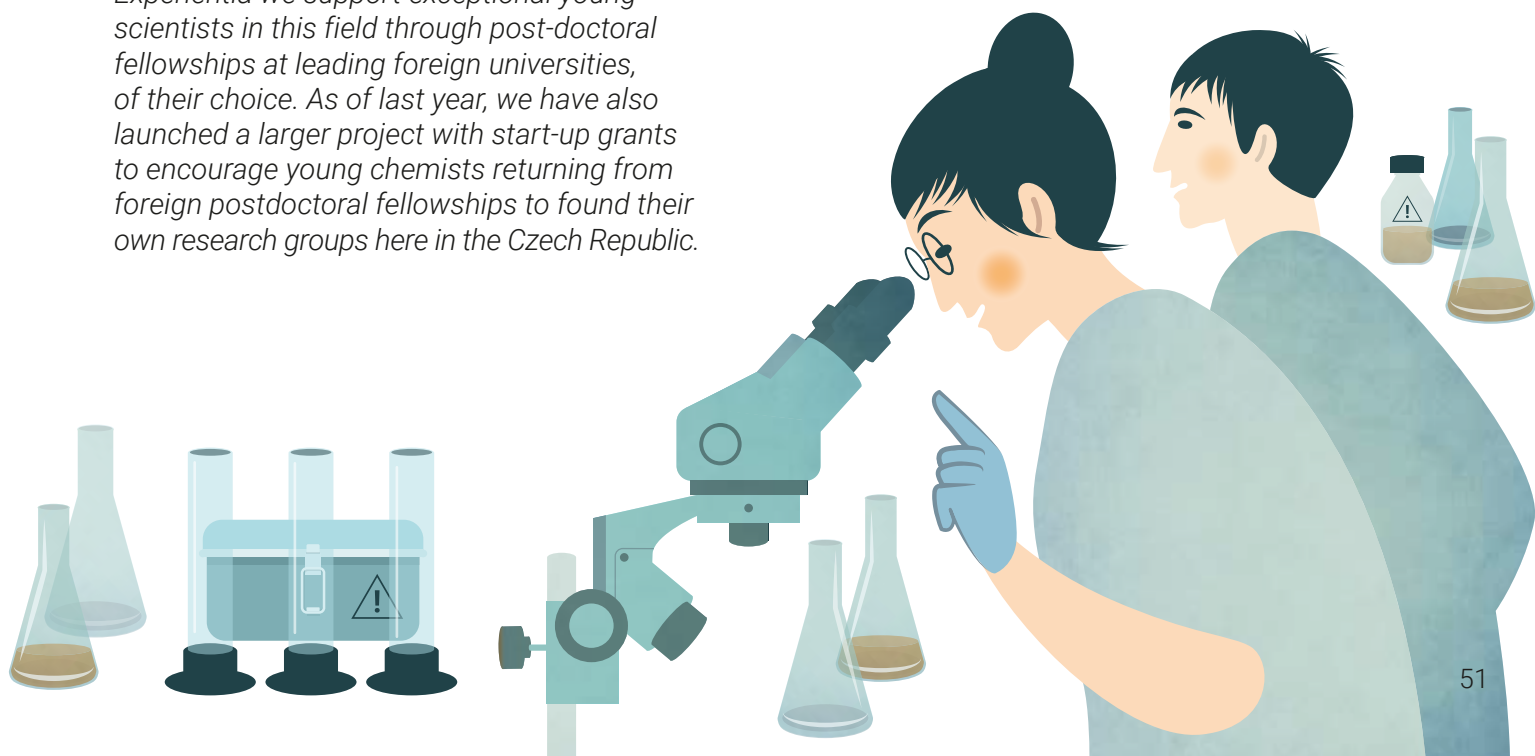

How did you begin working with Via Foundation?

I read an interview with Tony Meyers, a well recognized Canadian philanthropy expert, in an Hospodářské noviny insert. Via Foundation, which had invited Tony Meyers to Prague at that time, arranged for us to meet. The result of that inspiring conversation with Tony revolved around his experience that searching for the right philanthropic project is typically a long-term process that takes a lot of effort. Tony also introduced us to Jiří Bárta, who was then the director of Via Foundation, which we have supported ever since.

What was the next step in your philanthropic journey?

In 2013, we decided to establish our own foundation and give back the money to the sector it had come from: organic, bioorganic and medicinal chemistry. Through Nadace Experientia we support exceptional young scientists in this field through post-doctoral fellowships at leading foreign universities, of their choice. As of last year, we have also launched a larger project with start-up grants to encourage young chemists returning from foreign postdoctoral fellowships to found their own research groups here in the Czech Republic.

BENEFIT EVENTS

THE 13TH VIA CHARITABLE AUCTION RAISED CZK 3,883,700

Each year we hold several benefit events to fundraise for our programs. We value these events as opportunities to get to know and develop philanthropic ideas with our donors and other fascinating guests such as innovative philanthropists and business people. We also sincerely thank our auction bidders, donors and participants for attending the event and supporting Via.

Did you know that...

the auction proceeds were used for the programs **Young Philanthropists** and **Living Communities**, and to develop the new **Our Landscape** thematic area, which will support projects e.g. to retain water in the landscape?

for the third year in a row the auction was held at the Prague Žofín Palace

AUCTION PATRONS WERE MOST INTERESTED IN UNIQUENESS AND EXCEPTIONAL EXPERIENCES

The item that earned the highest bid was a unique 19th century Armagnac, which was auctioned off for CZK 200,000. It was donated by Tereza Franc, Madame Cognac & Champagne and the FINELABELS.CZ e-butik. An iconic photograph of Václav Havel writing a letter to Gustáv Husák by photographer Oldřich Škácha was auctioned off for CZK 170,000 and a steel sculpture by Čestmír Suška went for CZK 160,000. There was also great interest in a ride in a T3 Coupé street car designed by Anna Marešová, a voucher for Petr Čech's soccer school, a ticket to the StarDance semi-finals and a role in a show directed by Jan Hřebejka and in a play by the VOSTO5 theatre company.

BENEFIT DINNER WITH ARMY GENERAL PETR PAVEL

A culinary experience and gathering with army general Petr Pavel, former chief of General Staff of the Army of the Czech Republic and Director of the NATO Army Committee, raised a record CZK 215,000. General Pavel and twenty guests discussed the challenges that civil society faces 30 years after the Velvet Revolution as well as global security issues. Thanks to the generosity of Michal Chour and CROWN-WSF spol. s r.o., which donated a dinner prepared by Chef Roman Paulus at the Alcron Hotel, and contributions by our dinner guests, we raised money to support Via Foundation programming.

BENEFIT AUCTION FOR THE NATIONAL GALLERY

A benefit auction was held in September to raise money for the National Gallery in Prague. CZK 1.5 million was raised to support exhibitions and educational programming. Via Foundation organized the event in cooperation with the National Gallery in Prague and other partners on the occasion of an exhibition of French impressionism featuring master artwork from the Ordrupgaard collection. The auction offered collectors a chance to bid on 50 bottles of a limited edition of Absinthe Dubied created by Martina Žufánka in a bottle with a special label designed by Aleš Najbrt.

OUR SINCERE THANKS TO ALL OF
YOU!

WE ARE PREPARING AN ENDOWMENT CAMPAIGN

We love our donors and supporters.

In June 2019, we conducted 36 structured interviews with our donors and supporters to find out what they think about Via's reputation, donor willingness to consider giving to the endowment and the campaign fundraising goal. The interviews were part of our endowment campaign feasibility study and showed that Via has a good reputation among its donors and that most of them are willing to consider a gift to the endowment. We also learned that raising CZK 25 million by June 2021 is a realistic campaign goal. As a result, in summer 2019 our board of directors decided to launch the campaign. Cross your fingers - we're on our way.

ZPRÁVA NEZÁVISLÉHO AUDITORA

určena zakladatelům organizace Nadace VIA

Zpráva o ověření účetní závěrky

Výrok auditora

Provedli jsme audit příložené účetní závěrky organizace Nadace VIA (dále také „Organizace“) sestavené na základě českých účetních předpisů, která se skládá z rozvahy k 31.12.2019, výkazu zisku a ztráty za rok končící 31.12.2019 a přílohy této účetní závěrky, která obsahuje popis použitých podstatných účetních metod a další vysvětlující informace. Údaje o Organizaci jsou uvedeny v bodě I. přílohy této účetní závěrky.

Podle našeho názoru účetní závěrka **podává věrný a poctivý obraz aktiv a pasiv organizace Nadace VIA k 31.12.2019 a nákladů a výnosů a výsledku jejího hospodaření za rok končící 31.12.2019** v souladu s českými účetními předpisy.

Základ pro výrok

Audit jsme provedli v souladu se zákonem o auditorech, nařízením Evropského parlamentu a Rady (EU) č. 537/2014 a standardy Komory auditorů České republiky pro audit, kterými jsou mezinárodní standardy pro audit (ISA), případně doplněné a upravené souvisejícími aplikačními doložkami. Naše odpovědnost stanovená těmito předpisy je podrobněji popsána v oddílu Odpovědnost auditora za audit účetní závěrky. V souladu se zákonem o auditorech a Etickým kodexem přijatým Komorou auditorů České republiky jsme na Organizaci nezávislí a splnili jsme i další etické povinnosti vyplývající z uvedených předpisů. Domníváme se, že důkazní informace, které jsme shromáždili, poskytují dostatečný a vhodný základ pro vyjádření našeho výroku.

Ostatní informace uvedené ve výroční zprávě

Ostatními informacemi jsou v souladu s § 2 písm. b) zákona o auditorech informace uvedené ve výroční zprávě mimo účetní závěrku a naši zprávu auditora. Za ostatní informace odpovídá správní rada Organizace.

Náš výrok k účetní závěrce se k ostatním informacím nevztahuje. Přesto je však součástí našich povinností souvisejících s ověřením účetní závěrky seznámit se s ostatními informacemi a posoudit, zda ostatní informace nejsou ve významném (materiálním) nesouladu s účetní závěrkou či s našimi znalostmi o účetní jednotce získanými během ověřování účetní závěrky nebo zda se jinak tyto informace nejeví jako významně (materiálně) nesprávné. Také posuzujeme, zda ostatní informace byly ve všech významných (materiálních) ohledech vypracovány v souladu s příslušnými právními předpisy. Tímto posouzením se rozumí, zda ostatní informace splňují požadavky právních předpisů na formální náležitosti a postup vypracování ostatních informací v kontextu významnosti (materiality), tedy zda případné nedodržení uvedených požadavků by bylo způsobilé ovlivnit úsudek činěný na základě ostatních informací.

Na základě provedených postupů, do míry, již dokážeme posoudit, uvádíme, že

- ostatní informace, které popisují skutečnosti, jež jsou též předmětem zobrazení v účetní závěrce, jsou ve všech významných (materiálních) ohledech v souladu s účetní závěrkou a
- ostatní informace byly vypracovány v souladu s právními předpisy.

Dále jsme povinni uvést, zda na základě poznatků a povědomí o Organizaci, k nimž jsme dospěli při provádění auditu, ostatní informace neobsahují významné (materiální) věcné nesprávnosti. **V rámci uvedených postupů jsme v obdržených ostatních informacích žádné významné (materiální) věcné nesprávnosti nezjistili.**

Odpovědnost správní rady a dozorčí rady Organizace za účetní závěrku

Správní rada Organizace odpovídá za sestavení účetní závěrky podávající věrný a poctivý obraz v souladu s českými účetními předpisy, a za takový vnitřní kontrolní systém, který považuje za nezbytný pro sestavení účetní závěrky tak, aby neobsahovala významné (materiální) nesprávnosti způsobené podvodem nebo chybou.

22HLAV
audit & consult

MSI Global Alliance
Independent Member Firm

Při sestavování účetní závěrky je správní rada Organizace povinna posoudit, zda je Organizace schopna nepřetržitě trvat, a pokud je to relevantní, popsat v příloze účetní závěrky záležitosti týkající se jejího nepřetržitého trvání a použití předpokladu nepřetržitého trvání při sestavení účetní závěrky, s výjimkou případů, kdy správní rada plánuje zrušení Organizace nebo ukončení její činnosti, respektive kdy nemá jinou reálnou možnost než tak učinit.

Za dohled nad procesem účetního výkaznictví v Organizaci odpovídá dozorčí rada.

Odpovědnost auditora za audit účetní závěrky

Naším cílem je získat přiměřenou jistotu, že účetní závěrka jako celek neobsahuje významnou (materiální) nesprávnost způsobenou podvodem nebo chybou a vydat zprávu auditora obsahující náš výrok. Přiměřená míra jistoty je velká míra jistoty, nicméně není zárukou, že audit provedený v souladu s výše uvedenými předpisy ve všech případech v účetní závěrce odhalí případnou existující významnou (materiální) nesprávnost. Nesprávnosti mohou vzniknout v důsledku podvodů nebo chyb a považují se za významné (materiální), pokud lze reálně předpokládat, že by jednotlivě nebo v souhrnu mohly ovlivnit ekonomická rozhodnutí, která uživatelé účetní závěrky na jejím základě přijmou.

Při provádění auditu v souladu s výše uvedenými předpisy je naší povinností uplatňovat během celého auditu odborný úsudek a zachovávat profesní skepticismus. Dále je naší povinností:

- Identifikovat a vyhodnotit rizika významné (materiální) nesprávnosti účetní závěrky způsobené podvodem nebo chybou, navrhnout a provést auditorské postupy reagující na tato rizika a získat dostatečné a vhodné důkazní informace, abychom na jejich základě mohli vyjádřit výrok. Riziko, že neodhalíme významnou (materiální) nesprávnost, k níž došlo v důsledku podvodu, je větší než riziko neodhalení významné (materiální) nesprávnosti způsobené chybou, protože součástí podvodu mohou být tajné dohody (koluze), falšování, úmyslná opomenutí, nepravdivá prohlášení nebo obcházení vnitřních kontrol správní radou.
- Seznámit se s vnitřním kontrolním systémem Organizace relevantním pro audit v takovém rozsahu, abychom mohli navrhnout auditorské postupy vhodné s ohledem na dané okolnosti, nikoli abychom mohli vyjádřit názor na účinnost jejího vnitřního kontrolního systému.
- Posoudit vhodnost použitých účetních pravidel, přiměřenost provedených účetních odhadů a informace, které v této souvislosti správní rada Organizace uvedla v příloze účetní závěrky.
- Posoudit vhodnost použití předpokladu nepřetržitého trvání při sestavení účetní závěrky správní radou a to, zda s ohledem na shromážděné důkazní informace existuje významná (materiální) nejistota vyplývající z událostí nebo podmínek, které mohou významně zpochybnit schopnost Organizace nepřetržitě trvat. Jestliže dojdeme k závěru, že taková významná (materiální) nejistota existuje, je naší povinností upozornit v naší zprávě na informace uvedené v této souvislosti v příloze účetní závěrky, a pokud tyto informace nejsou dostatečné, vyjádřit modifikovaný výrok. Naše závěry týkající se schopnosti Organizace nepřetržitě trvat vycházejí z důkazních informací, které jsme získali do data naší zprávy. Nicméně budoucí události nebo podmínky mohou vést k tomu, že Organizace ztratí schopnost nepřetržitě trvat.
- Vyhodnotit celkovou prezentaci, členění a obsah účetní závěrky, včetně přílohy, a dále to, zda účetní závěrka zobrazuje podkladové transakce a události způsobem, který vede k věrnému zobrazení.

Naší povinností je informovat správní radu a dozorčí radu mimo jiné o plánovaném rozsahu a načasování auditu a o významných zjištěních, která jsme v jeho průběhu učinili, včetně zjištěných významných nedostatků ve vnitřním kontrolním systému.
