A COMPASS FOR PHILANTHROPY

Dear Friends,

2020 was an extraordinary, exceptional and complicated year – for Via Foundation as well. But thanks to you, our donors, we made it through and we provided support where it was needed most during the crisis. Although we had to put some of our plans on hold, we believe that we stayed true to our core vision of helping to build a free and self-confident society.

The record volume of grants we made in 2020 is a sure sign that this is the case. Thanks to your support, we were able to award almost three times as many grants as in 2019. In addition, the impossibility of holding face-to-face meetings due to the pandemic spawned a number of innovative and unconventional philanthropy events.

We also poured our energy into our online giving tool, Darujme.cz, which grew in significance overnight in a way that none of us could have predicted. Through Darujme.cz, we enabled donors to give an unbelievable CZK 232 million in online gifts to non-profit organizations.

This year we will continue to do our utmost to help strengthen social cohesion and reciprocity. We firmly believe that Via Foundation will continue to serve as a point of stability in the future, weathering the storms that are sure to arise in the years to come. Thank you for helping us create this cornerstone of stability for hard times.

David Fojtík
Chair, Board of Directors of Via Foundation

Where the road leads: About Via Foundation

ABOUT VIA FOUNDATION

- A free, responsible and cohesive
- society doesn't materialize overnight. If you want to help it develop, you have to get ready to undertake a long journey. We know that. Via Foundation is our journey - one that we have been on for over 23 years. During that time, thanks to our donors, we have managed to do a great deal and 2020 was no exception.

HOW MANY KILOMETERS SINCE THE FOUNDING OF VIA FOUNDATION?

6,000 projects

that have improved the social fabric and quality of life in communities.

More than CZK 410 million

invested in community, neighborhood and philanthropy initiatives thanks to our donors.

2020 STEP-COUNTER

567 projects led by engaged citizens

supported through programs that we lead or co-manage.

CZK 24,000

in awarded grants per hour of work – to long-term projects as well as projects alleviating the impacts of the 2020 pandemic.

CZK 49.5 million

is the total sum that we awarded in grants in 2020, thanks to the generosity of our donors.

Navigating the Coronacrisis

In March 2020, the world turned upside down. We immediately began looking for ways to lend a helping hand to those most impacted by the pandemic. In this section you'll find an overview of the key ways we helped during the crisis.

COMMUNITY MICROGRANTS

In tandem with Česká spořitelna bank, we supported 90 grassroots community projects during the pandemic, ranging from face mask sewing initiatives to coordination of neighbors helping neighbors.

DARUJME.CZ

In 2020, people gave a record CZK 232 million through Darujme.cz to numerous non-profit organizations and cultural institutions to help them survive the crisis.

CORONACAFE

We held 13 online meetings where people from civic associations exchanged ideas about how to help their communities during the pandemic.

VIA BONA AWARDS

Last year our philanthropy awards included recognition of heroes and heroines who helped their communities deal with the impacts of the pandemic.

CZECH PHILHARMONIC CONCERTS

In the spring, the Czech Philharmonic performed in the Rudolfinum - without an audience. This benefit concert, which we administered, raised CZK 7.5 million which was allocated to Czech hospitals treating Covid-19 patients.

HELPING THE ISOLATED

Thanks to T-Mobile, we were able to support 15 projects combatting social isolation among the elderly and other groups.

EMPLOYEE CHARITY GIVING AROUND THE WORLD

We helped the company Avast administer a global online employee charity collection. More than CZK 17 million was raised for charitable organizations.

SUPPORT TO SOCIAL ENTERPRISES

Thanks to Avast, we also awarded almost CZK 8 million to help 18 social enterprises cope with the impacts of the Covid-19 pandemic.

**Where our
support goes**

THE COMMUNITY IN WHICH WE LIVE

Every town should have a center – whether it's a physical place with a signpost and chapel, or a virtual space in which people meet to discuss and co-create their community. In towns and villages where such centers are absent, we help people create them. We offer large grants with comprehensive support to people leading ambitious community placemaking projects that seek to fully engage local residents, associations and firms in the transformation of a public space in their community.

LIVING COMMUNITIES

Every long journey begins with small steps – and the projects that we support through the Living Communities program are small steps on the way to building strong ties within communities. We support small local organizations and informal groups of people eager to make their communities vibrant places. We provide funding, organizational support and the opportunity to establish a fundraising drive on Darujme.cz, our online giving tool. We match the funds they raise up to CZK 20,000. During the pandemic in spring 2020, we also offered microgrants to people helping their neighbors and rekindling community life after months of isolation.

Microgrants **supported solidarity** **during the pandemic**

In March 2020, a huge wave of solidarity swept through the Czech Republic. To give everyone a chance to help others during the crisis, Via Foundation opened a special microgrant call in collaboration with Česká spořitelna bank. We gave grants of CZK 5,000 – 10,000 to people helping their neighbors weather the pandemic.

Monika from the city of Liberec used a microgrant to cover the costs of sewing face masks. She made over 1,000 masks, which she donated to hospitals and care service providers. In Teplice, the organization "Fighting Isolation Together" used a microgrant to set up a phone hotline to help lonely elderly people. We gave a total of 24 pandemic microgrants during first spring wave of the pandemic and another 66 to restart community life in the summer after the first wave.

YOUNG PHILANTHROPISTS

The sooner you start your journey, the farther you'll go. With this idea in mind, Via supports young philanthropists eager to help others. Teams of children and young people up to the age of 26 can apply for grants to organize benefit events to help someone in need. They also establish fundraising drives on Darujme.cz, where we match the proceeds up to CZK 25,000. We believe that philanthropic success at an early age encourages young people to continue striving to make the world a better place as they grow up. We also hold philanthropy workshops for children.

COMMUNITY ALPHABET

We all have to expand our horizons. To this end, we are running a capacity building program for staff and practitioners of the Hungarian Association for Community Development (HACD), the Serbian TRAG Foundation and our own Via team. The Community Alphabet program focuses on helping communities identify, understand and map their resources in order to create inclusive communities and gives participants opportunities to exchange experiences and learn from one another.

A COMMUNITY LIBRARY BREATHES NEW LIFE INTO THE VILLAGE OF STATENICE

An interview with librarian
Zuzana Brychtová Horecká

How do you turn a municipal library into a community library?

Shortly after moving to the village of Statenice I found out that the local librarian was getting ready to retire. I felt compelled to take over the library and my friend Bára Černožorská got excited about the idea, too. She knew that we could apply to Via Foundation for support. We spent two months meeting in the evenings and preparing our application.

What did you request funding for?

Mostly to fix up the space. Via's grant requirements also called for community

engagement. So we began reaching out to other villagers. A local designer created an interior remodeling design for us, a cafe owner donated refreshments for our first event and a neighbor took photos at the gathering. Then more people became drawn in by that first event and things began taking off.

Who are your readers now?

We have both children and adult readers. According to library science, a library should be able to attract 10% of the residents in a town. We have about 200 users right now out of about 2,000 residents. When we started, we had about 20 library users.

**You also aim to organize community events.
Can you tell us about some of them?**

We participate in nationwide library events like Night in the library, we hold readings by authors, exhibitions and gallery show openings. Once a week there's an art class for young children. A senior citizens' club was just about to start before the pandemic broke out. We have a children's editorial board for our local newsletter and there's also

a film club. Volunteers from the community organize many of these activities.

What has brought you the most joy since you started this endeavor?

What excites us is that it isn't over. The library continues to evolve and the feedback we get also makes us happy. People tell us that thanks to us, things are finally beginning to happen in Statenice.

2020 MAP OF PROGRAM ACHIEVEMENTS

The Community in Which We Live

We awarded over CZK 1.3 million to large community placemaking projects.

Living Communities

We were able to support an unbelievable 185 small projects with a total of CZK 7 million in funding.

Young Philanthropists

More than 420 children and young people took part in philanthropy events despite the pandemic.

DARUJME.CZ

You don't have to travel far to help those in need. Sometimes – particularly during a global pandemic – it's better to stay home and engage in philanthropy through your computer. As our Darujme.cz online giving tool demonstrated, a record number of people did exactly that last year.

Darujme.cz enables organizations, institutions, municipalities and regional authorities to fundraise securely and to stay in contact with their donors. Our registration system of organizations gives donors the certainty that their gifts will end up in the right hands. We are truly grateful for the support of all of the pandemic donors who gave to organizations helping the needy during this very trying time.

Since its inception ten years ago, Darujme.cz has enabled gifts totalling CZK 500 million, CZK 230 million of which was donated in 2020.

An interview with the director of
the Czech Radio Endowment Fund,
Gabriela Drastichová

MAKING CHRISTMAS MERRY FOR THE ELDERLY

Why did you choose Darujme.cz for your fundraising drive? What benefits were there to using this online platform?

We use Darujme.cz for our Světluška (Firefly) project and we've been able to try out a lot of online fundraising methods with it. Darujme.cz has proven to be a great tool. So when we decided to set up a fundraising drive to buy gifts for the elderly, the choice was clear. Darujme.cz's transparency and user friendliness were key factors.

How much money did you raise through Darujme.cz and what were you able to do with that money?

Over CZK 4.5 million was raised to give Christmas gifts to the elderly. For instance, clients of a day center in Kyjov received stationary physical therapy bikes. Mr. Bedřich,

who had lost a leg, received an electric wheelchair which made life easier for him and for his wife, who used to have to push him in a borrowed manual wheelchair.

How did the pandemic impact your work in 2020?

It was definitely a peculiar year. The pandemic made it impossible to meet in person, but the solidarity we saw broke records all the same. More than 900 organizations participated, we were able to give almost 16,000 gifts and donors gave more than CZK 22 million in all. Many elderly people asked for a laptop computer or TV. Their need to reach out beyond their enclosed retirement homes and connect to the surrounding world was huge.

VIA BONA AWARDS

More and more people are embracing philanthropy and inspiring those around them in the process. At Via Foundation we believe that these heroes and heroines deserve our recognition. The surge of understanding and help we witnessed across generations and social circles in 2020 was a source of encouragement for everyone suffering from the impacts of the pandemic. To commemorate these good deeds, we presented Via Bona Awards in two categories: the traditional Hearts of Gold category for people who have been dedicated to bringing people together over the long-term, and a new category called Heroes & Heroines in Times of Crisis.

Similarly to many other events, we had to innovate a new way to present the awards. We opted for nine award presentations instead of one. First we held an award ceremony online and then we visited each awardwinner and presented their award in their own community. Via Bona means a "good path" and in 2020 this name was more fitting than ever before.

HEARTS OF GOLD CATEGORY

Breakfaststory

Breakfaststory makes it possible to order lunch from a social business for yourself and/or a person in need. The project helps social businesses get orders, feed the hungry and give customers a good meal. Founder Lucie Hyblerová and other volunteers distributed over 10,000 meals and are continuing in their work.

Fandi mámám **(Rooting for** **Moms)**

The organization Fandi mámám (Rooting for Moms) has been helping single mothers for the past four years. During the pandemic, founders Petra Květová Pšeničná and Žaneta Slámová expanded their assistance to all people in need and developed an app called FandiMat, which coordinates material donations between donors and recipients.

Terezie **Hradilková**

Terezie Hradilková's charitable work goes back to the 1980s, when she helped children with vision impairments. She now strives to integrate disadvantaged

Komunitní osvětové **společenství** **(Community** **Outreach)**

For over 10 years, Lucie Poláková and Jindřich Novák have been holding public charitable collections, gatherings and courses in the Karlovy Vary region on a regular basis. During the pandemic their organization Komunitní osvětové společenství (Community Outreach) coordinated a network of volunteers that produced and donated over 13,000 face masks.

Spolu s vámi **(Together with** **You)**

Spolu s vámi (Together with You) is a social business in which the blind and vision impaired provide professional support to elderly people living at home or in retirement homes. Last year the social business launched a new service – Visits by Phone – which enabled services to continue even during the pandemic.

helping to transform the early care system and passing legislation to make early care a social field service.

HEROES & HEROINES IN TIMES OF CRISIS

Jakub Kabelka

17-year-old Jakub Kabelka is really into robotics. He got a 3D printer for Christmas and just a few months later he began printing protective face shields and donating them to doctors, EMS workers and police officers in his hometown of Moravske Budějovice and beyond.

Vietnamci pomáhají (Vietnamese Helping Others)

The Vietnamese community jumped in to sew large quantities of face masks and support health care workers, firefighters and police officers from the very start of the pandemic. To make their efforts more efficient, young businessman Nguyen Manh Tung set up a website called Vietnamci pomáhají (Vietnamese Helping Others) to connect volunteers and those seeking help.

Radomír Lapčík

Zlín-based businessman Radomír Lapčík is a lifelong philanthropist. Through his foundation, Credo, he supports single mothers and families with disabled children. Last year he founded a donor program called NAVZDORY to alleviate pandemic impacts on over 1,000 at-risk children.

WE ROOT FOR EVERYONE IN A CRISIS

An interview with Hearts of Gold awardwinners
Petra Květová Pšeničná and Žanetá Slámová

How did the pandemic impact your project Fandi mámám (Rooting for Moms)?

An increasing number of mothers have called on us since the start of the pandemic. There are many single mothers who were able to manage on their own before the pandemic, and then either they lost their jobs or had to stay at home with their children. And the public is also becoming much more aware of the issue of single parenthood. We've gotten support from a record number of donors, which means we've been able to help a lot of people. The pandemic also accelerated the launch of our mobile app FandiMat, which coordinates material donations to anyone in need, not just single mothers. It has a map of people who need help and people offering help. Over 2,000 people were using the app by the end of 2020.

How did your Via Bona Award affect your project? What does the award mean to you?

We are honored to be recognized by Via Foundation. We see it as a reward for our work and a reward for all of our fantastic volunteers. The award also helped us raise awareness of the issue of single parenthood through the media and a number of companies reached out to us to offer funding, which we are really grateful for.

Can you tell us about one of the people you've helped?

Pavla is raising three autistic children. She was completely broke and struggling to deal with everything mentally. Thanks to our donors she was able to get back on her feet. She got a streetcar driver's license and got a steady job as a streetcar driver. She met a new life-partner on the job, too. They even invited us to their wedding. Stories like Pavla's are what make our work meaningful.

THE ART OF GIVING

Since 2012, the journal The Art of Giving had accompanied us on our philanthropic journey. In 2020, we transformed the journal into a broader project centered around a quarterly insert in the magazine Reportér. Articles about best practices and interviews with inspiring individuals such as journalist Nora Fridrichová, businessman Jan Školník and philosopher Anna Hogenová are accessible online on the Via Foundation website and in the print version of the journal. We also share other news from the world of philanthropy on our Facebook page.

PARTNER PROJECTS

T-Mobile Fund

Isolation has a negative impact on the human psyche and physical health. T-Mobile focused its 2020 Pomáháme (Helping) grant call on projects combatting loneliness. With our help, T-Mobile gave almost CZK 1.7 million to 15 projects to help people overcome loneliness. The projects use modern technologies

to connect the elderly, chronically ill and socially disadvantaged people with their loved ones. T-Mobile also holds an annual holiday employee charitable collection to support people close to T-Mobile employees who find themselves in crisis. Last year the collection raised over CZK 1 million to help 20 individuals.

Eurowag Fund

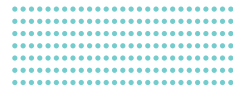

In 2020, W.A.G. Payment Solutions' Eurowag Fund included the project Philanthropy & You, an employee charitable collection and targeted grants to non-profit organizations. The fund is administered by Via Foundation. Through Philanthropy & You, each employee was eligible to receive EUR 180 to support a charitable project of their choice. A total of 520 people took part and gave more than EUR 93,000 to 190 projects. Through a collection on Darujme.cz, employees raised another CZK 67,000 to support mothers and children in shelters and the company brought the total to a round CZK 200,000. The Eurowag Fund's targeted grants distributed another CZK 303,000 among the Charity Starý Knín, the organizations BONA and Tamtamy and the projectazylaky.cz.

Avast

In collaboration with the Avast Endowment Fund (renamed Abakus as of 2021), we supported social businesses that were struggling to survive due to the pandemic. We awarded almost CZK 8 million to 18 organizations that employ socially, physically or otherwise disabled individuals. Avast's employees also took part in pandemic relief collections. In the spring they contributed to projects in the Czech Republic and around the world through a collection on Darujme.cz. Avast matched every employee gift 5:1, which raised the total amount donated to people suffering from Covid-19 to CZK 17 million.

Taking the fear out of local politics

Many roads lead to politics. We support individuals who muster the courage to run for local office and support their communities from within the system. We hold training events, arrange mentoring by experienced municipal politicians and provide small grants for participants' community activities. In 2020, the first 11 participants completed the program and we opened a second round with 14 participants.

Czech Philharmonic Benefit Concert

On March 28, the Czech Philharmonic held a concert to an empty concert hall to support five Czech hospitals treating covid-19 patients. Czech TV broadcast the concert live and CZK 7.5 million was raised. Over 25,000 donors took part. Via Foundation helped organize the collection which was also accessible through Darujme.cz.

Partners on the journey

Having someone to rely on during a crisis makes the journey much brighter. Seeing Via Foundation's broad circle of reliable supporters is a source of great joy and hope to us. We thank all of our donors, partners, supporters, ambassadors and volunteers.

In 2020, once again, Via Foundation had the good fortune to work with major donors, corporations and foundations which share our vision of Czech society as a community of engaged citizens. Thanks to the trust our donors place in us and their generosity, we were able to increase the volume and content of our joint efforts while continuing to pursue our mission to develop philanthropy and support community life across the Czech Republic.

We are an independent foundation that does not utilize funding from government or European Union subsidies. Our work relies on the generosity of donors from the Czech Republic, the USA and other countries. Revenues from our endowment also fund part of our programming each year.

We sincerely thank all of you – our donors and supporters who donate funding, time, knowledge, experience, services and in-kind gifts to Via Foundation.

BENEFIT EVENTS

A charitable dinner with architects Josef Pleskot, Adam Gebrian and David Vávra about the role of public space

In June, donors and three prominent Czech architects joined us over good food to discuss how public space can connect people and build a resilient society. Kristina Cysařova and David Cysař were our hosts at the Winternitz villa. Their ancestor Josef Winternitz had the international style villa designed in 1932 by architects Adolf Loos and Karel Lhota. Our guests talked with Josef Pleskot, Adam Gebrian and David Vávra about how face-to-face meetings can spawn the development of vibrant communities - a process which we witnessed during the course of the evening.

We thank our hosts, our generous guests and wine donors at Vinařství Piálek & Jäger. The charitable dinner guests donated a total of CZK 149,000 to revitalize public spaces in cities, towns and villages in remote corners of the Czech Republic.

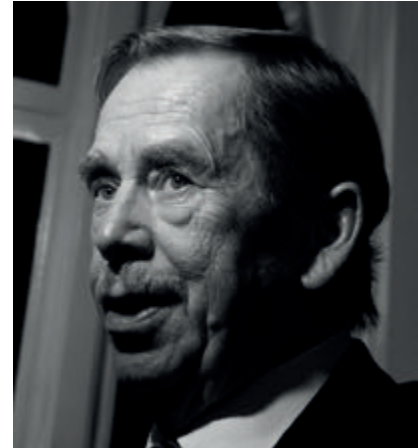

Via's first online charitable auction

Face-to-face meetings were not in the cards in autumn 2020 but that didn't stop us from holding our traditional charitable auction. Thanks to the support and solidarity of our partners, we were able to hold the auction online during the last week of November.

The auction raised CZK 800,000 to support engaged citizens sparking community life across the Czech Republic. The item with the highest bid was a steel sculpture by Čestmír Suška, followed by a painting by Krištof Kintera and a photograph of Václav Havel by Oldřich Škácha.

As in past years, we auctioned off a special item called "Nothing": nothing but pure support to help amazing communities, neighborhoods and philanthropy initiatives.

The bidding for "Nothing" climbed to an unbelievable CZK 257,800, which will be used to fund grassroots projects to enliven community across the country.

We thank all of the generous auction bidders, donors and partners who helped make the auction possible.

INVESTING INTO YOUR OWN COMMUNITY PAYS OFF

An interview with Karel Němeček, owner of the company Manufaktura

One of Manufaktura's values is sustainability. What does that mean to you?

For me, sustainability means cultivating Czech artisan traditions, using local ingredients in our cosmetics, and emphasizing ecology and employee care. These are the pillars of our business. They were slow to build, but they are solid.

How does your support of Via Foundation fit into that

I find the way Via works exemplary – in terms of the types of projects it supports and its trustworthiness, transparency, dedication and professional approach.

What other areas do you support?

We believe that sports are an important factor in forming children's characters and that they can change or improve their fate. We support Tomáš Slavata's sports projects, which have helped children in children's homes for many years. We are also a partner to the Union of Orienteering Sports.

How have you coped with the pandemic?

During the 2008 financial crisis, working on the company's organizational development paid off. It enabled Manufaktura to jump light years ahead and we believe that the same will hold true now, even though the current situation is much more complicated and there are much greater risks. But thanks to public awareness of our brand, our high-quality products, communication and progress on our e-shop, we have been able to shift a lot of our sales to the online environment and stay in touch with our customers.

You continued supporting Via Foundation despite your financial losses. What convinced you to do that?

Even this support is a type of investment, one that wouldn't be reasonable or responsible

to interrupt during a crisis. You can't judge how successful an investment is just by the numbers in the financial statement.

When you look back at the last 30 years of your life, do you think that Czechs have become more interested in their communities?

The issue of community stewardship has become a given. I consider this to be the most tangible and visible success of the last decade and it's the result of many people's hard work. Via Foundation's effective support of communities and our environment are what convinced me to support its work.

Auditor's Statement

:

ZPRÁVA NEZÁVISLÉHO AUDITORA

určena zakladatelům organizace Nadace VIA

Zpráva o ověření účetní závěrky

Výrok auditora

Provedli jsme audit přiložené účetní závěrky organizace Nadace VIA (dále také „Organizace“) sestavené na základě českých účetních předpisů, která se skládá z rozvahy k 31.12.2020, výkazu zisku a ztráty za rok končící 31.12.2020 a přílohy této účetní závěrky, která obsahuje popis použitých podstatných účetních metod a další vysvětlující informace. Údaje o Organizaci jsou uvedeny v bodě I. přílohy této účetní závěrky.

Podle našeho názoru účetní závěrka **podává věrný a poctivý obraz aktiv a pasiv organizace Nadace VIA k 31.12.2020 a nákladů a výnosů a výsledku jejího hospodaření za rok končící 31.12.2020** v souladu s českými účetními předpisy.

Základ pro výrok

Audit jsme provedli v souladu se zákonem o auditorech, nařízením Evropského parlamentu a Rady (EU) č. 537/2014 a standardy Komory auditorů České republiky pro audit, kterými jsou mezinárodní standardy pro audit (ISA), případně doplněné a upravené souvisejícími aplikačními doložkami. Naše odpovědnost stanovená těmito předpisy je podrobněji popsána v oddílu Odpovědnost auditora za audit účetní závěrky. V souladu se zákonem o auditorech a Etickým kodexem přijatým Komorou auditorů České republiky jsme na Organizaci nezávislí a splnili jsme i další etické povinnosti vyplývající z uvedených předpisů. Domníváme se, že důkazní informace, které jsme shromáždili, poskytují dostatečný a vhodný základ pro vyjádření našeho výroku.

Ostatní informace uvedené ve výroční zprávě

Ostatními informacemi jsou v souladu s § 2 písm. b) zákona o auditorech informace uvedené ve výroční zprávě mimo účetní závěrku a naši zprávu auditora. Za ostatní informace odpovídá správní rada Organizace.

Náš výrok k účetní závěrce se k ostatním informacím nevztahuje. Přesto je však součástí našich povinností souvisejících s ověřením účetní závěrky seznámit se s ostatními informacemi a posoudit, zda ostatní informace nejsou ve významném (materiálním) nesouladu s účetní závěrkou či s našimi znalostmi o účetní jednotce získanými během ověřování účetní závěrky nebo zda se jinak tyto informace nejeví jako významné (materiálně) nesprávné. Také posuzujeme, zda ostatní informace byly ve všech významných (materiálních) ohledech vypracovány v souladu s příslušnými právními předpisy. Tímto posouzením se rozumí, zda ostatní informace splňují požadavky právních předpisů na formální náležitosti a postup vypracování ostatních informací v kontextu významnosti (materiality), tedy zda případné nedodržení uvedených požadavků by bylo způsobitelné ovlivnit úsudek činěný na základě ostatních informací.

Na základě provedených postupů, do míry, již dokážeme posoudit, uvádíme, že

- ostatní informace, které popisují skutečnosti, jež jsou též předmětem zobrazení v účetní závěrce, jsou ve všech významných (materiálních) ohledech v souladu s účetní závěrkou a
- ostatní informace byly vypracovány v souladu s právními předpisy.

Dále jsme povinni uvést, zda na základě poznatků a povědomí o Organizaci, k nimž jsme dospěli při provádění auditu, ostatní informace neobsahují významné (materiální) věcné nesprávnosti. **V rámci uvedených postupů jsme v obdržených ostatních informacích žádné významné (materiální) věcné nesprávnosti nezjistili.**

Odpovědnost správní rady a dozorčí rady Organizace za účetní závěrku

Správní rada Organizace odpovídá za sestavení účetní závěrky podávající věrný a poctivý obraz v souladu s českými účetními předpisy, a za takový vnitřní kontrolní systém, který považuje za nezbytný pro sestavení účetní závěrky tak, aby neobsahovala významné (materiální) nesprávnosti způsobené podvodem nebo chybou.

Při sestavování účetní závěrky je správní rada Organizace povinna posoudit, zda je Organizace schopna nepřetržitě trvat, a pokud je to relevantní, popsat v příloze účetní závěrky záležitosti týkající se jejího nepřetržitého trvání a použití předpokladu nepřetržitého trvání při sestavení účetní závěrky, s výjimkou případů, kdy správní rada plánuje zrušení Organizace nebo ukončení její činnosti, respektive kdy nemá jinou reálnou možnost než tak učinit.

Za dohled nad procesem účetního výkaznictví v Organizaci odpovídá dozorčí rada.

Odpovědnost auditora za audit účetní závěrky

Naším cílem je získat přiměřenou jistotu, že účetní závěrka jako celek neobsahuje významnou (materiální) nesprávnost způsobenou podvodem nebo chybou a vydat zprávu auditora obsahující náš výrok. Přiměřená míra jistoty je velká míra jistoty, nicméně není zárukou, že audit provedený v souladu s výše uvedenými předpisy ve všech případech v účetní závěrce odhalí případnou existující významnou (materiální) nesprávnost. Nesprávnosti mohou vznikat v důsledku podvodů nebo chyb a považují se za významné (materiální), pokud lze reálně předpokládat, že by jednotlivé nebo v souhrnu mohly ovlivnit ekonomická rozhodnutí, která uživatelé účetní závěrky na jejím základě přijmou.

Při provádění auditu v souladu s výše uvedenými předpisy je naší povinností uplatňovat během celého auditu odborný úsudek a zachovávat profesní skepticismus. Dále je naší povinností:

- Identifikovat a vyhodnotit rizika významné (materiální) nesprávnosti účetní závěrky způsobené podvodem nebo chybou, navrhnout a provést auditorské postupy reagující na tato rizika a získat dostatečné a vhodné důkazní informace, abychom na jejich základě mohli vyjádřit výrok. Riziko, že neodhalíme významnou (materiální) nesprávnost, k níž došlo v důsledku podvodu, je větší než riziko neodhalení významné (materiální) nesprávnosti způsobené chybou, protože součástí podvodu mohou být tajné dohody (koluze), falšování, úmyslná opomenutí, nepravdivá prohlášení nebo obcházení vnitřních kontrol správní radou.
- Seznámit se s vnitřním kontrolním systémem Organizace relevantním pro audit v takovém rozsahu, abychom mohli navrhnout auditorské postupy vhodné s ohledem na dané okolnosti, nikoli abychom mohli vyjádřit názor na účinnost jejího vnitřního kontrolního systému.
- Posoudit vhodnost použitých účetních pravidel, přiměřenost provedených účetních odhadů a informace, které v této souvislosti správní rada Organizace uvedla v příloze účetní závěrky.
- Posoudit vhodnost použití předpokladu nepřetržitého trvání při sestavení účetní závěrky správní radou a to, zda s ohledem na shromážděné důkazní informace existuje významná (materiální) nejistota vyplývající z událostí nebo podmínek, které mohou významně zpochybnit schopnost Organizace nepřetržitě trvat. Jestliže dojdeme k závěru, že taková významná (materiální) nejistota existuje, je naší povinností upozornit v naší zprávě na informace uvedené v této souvislosti v příloze účetní závěrky, a pokud tyto informace nejsou dostatečné, vyjádřit modifikovaný výrok. Naše závěry týkající se schopnosti Organizace nepřetržitě trvat vycházejí z důkazních informací, které jsme získali do data naší zprávy. Nicméně budoucí události nebo podmínky mohou vést k tomu, že Organizace ztratí schopnost nepřetržitě trvat.
- Vyhodnotit celkovou prezentaci, členění a obsah účetní závěrky, včetně přílohy, a dále to, zda účetní závěrka zobrazuje podkladové transakce a události způsobem, který vede k věrnému zobrazení.

Naší povinností je informovat správní radu a dozorčí radu mimo jiné o plánovaném rozsahu a načasování auditu a o významných zjištěních, která jsme v jeho průběhu učinili, včetně zjištěných významných nedostatků ve vnitřním kontrolním systému.
